

# 8 Creative Arts Academy- Semester 1 The Self

**Achievement Standard:** [insert year level achievement standard. Bold the statements that will be assessed in the unit]

By the end of Year 8, students identify and analyse how other artists use visual conventions and viewpoints to communicate ideas and apply this knowledge in their art making. They explain how an artwork is displayed to enhance its meaning. They **evaluate how they and others are influenced by artworks from different** cultures, times and **places**.

Students **plan their art making in response to exploration of techniques and processes used in their own** and others' artworks. They demonstrate use of **visual conventions, techniques** and **processes to communicate meaning in their artworks**.

**Unit Specific Information** [various forms e.g. assessment focus, context, etc]

**Big picture learning goals:**

- Experiment with visual arts conventions and techniques, to represent a theme, concept or idea in their artwork
- Develop planning skills for art-making by exploring techniques and processes used by different artists
- Practice techniques and processes to enhance representation of ideas in my art-making
- 

You will reflect upon your creative practise and influences and begin to consider where your strengths lie; dance, drama, music and/or visual art. You will develop a inspiration board in response the research question **'How will I contribute to making the world a better place through my chosen art?'** You will document the process using the Visual Art Creative Process in your artist journal and write and artist statement that explains your creative choices and communicates what you collage is about.
